PROJECT - BOQ FOR FURNISHING WORKS. BANK - INDIAN OVERCEAS BANK

AT MADHUPUR BRANCH

*ALL ITEM TO EXCLUSIVE OF TAXES . Taxes to Mentioned By the Contractor.

*ALL WORKS TO BE DONE AS PER TENDER CONDITIONS.

Laminate use only Century, Green, Sunmica (Other Laminate is not Acceptable)

	ninate use only-Century, Green, Sunmica (Other Laminate is not Acceptable	YTITHAUG	UNIT	RATE	DOMA	NT (Rs.)
	DESCRIPTION OF ITEM			+		
0.						
A.	FURNISHING WORKS	212.00	Sqft			
1	A.C.P Panelling of entrance Providing and fixing in position aluminium composite panel boxing wich PVDF coating and LDPE core laminate eurobond / altobond / composite of (0.5 mm-33-0.5 mm) including fabrication for the same with					
	composite of (0.5 mm-33-0.5 mm) including labilitation and labilitation sections required hardware, silicon sealent (dow corining 789) masking tape necessary scaffolding etc. as detailed in drawing no. II complete in all respect		,			
-		563.00	Sq	ıft		
2	False Ceiling(Armstrong) Providing and fixing in position false ceiling in Armstrong 600 x 600	555.55				
	Providing and fixing in position that is the providing and fixing in position that is the providing and fixing in position that is the providing and the providing and providing to proper line and level including making grooves and trap doore for A.C. unit in 18 mm thick M.R. grade plywood with stainless steel hinges and licks with moulding 1" x 1" for edges including finishing with white plaetic emulsion paint etc. complete in all respect (Note: only the plan area will be measured for payment no extra payment will be made for cutouts, grooves moulding etc.)					
	False Ceiling Works (Gypsum) with cove design &	375.0	00	Sqft	*	,
	CNC CUTTING JALI & MDF JALI P/ F Suspended False Calling Gyp Board with G.I. Perimeter channels G.I. Intermediate Channels Etc. properly suspended from ceiling with Nylon/ G./I. strips Sleeves and Screws 12.5 mm tapered edgog Gyp board (confirming To I.S. 2095- 1982)ceiling tiles to be sccew Fixed to the ceiling section with 25mm dry Wall screw mechanically at 230C/ C and Finished with jointing compound paper tapeAnd two coars of primer and two coats of plastic paint complete as per design Including perimeter channels required for Light fitting cut out Grill diffusers etc.					
	B. B. web	10	5.00	Sqft		
	Entrance Door For Branch Providing and fixing in Position toughened glass door with 12 mm thick toughned glass with 3M security film complete in all respects with Ozone patch fittings including top patcti(OPF-02),BOTTOM PATCH (OPF 03) angle lock(OPB-01)TOP PIVOT (OFS-ACC-GDP) Floor Spring (FS8400) and handle (OGH-55) 32mm x 457 mm all item included					
			5.00	Rft		
_	Cash Counter Providing and fixing in position cash counter 2'-9" wide as per drawing no. {2-A, 2-B, 2-C, 2-D, 2-E, 2-F} comprising of the follows:	uda ar				

inside edge will be provided with 0.5° x1° W beading parti with meanine polash. inside edge will be provided with 18 mm thick plywood finished with 1 mm thick laminate with 1 mm thick grove at the joint of laminates of the two different shades. iiii) extracted for provident aband 3 shall be provided on the Incain below the working top made with 18 mm thick proved finished with 1 mm thick groves shall be provided and the joint of two different shades of kaminates. iii) Imm thick groves shall be provided at the joint of two different shades of kaminates. iii) Clased partition of 1.4° height above working top provided with 12 mm toughened and frosted glass besides non-tran sparent film from inside fixed to partition aper fixing details and to boxing with concealed S.S. finished D brackets as shown in the drawing. The exposed edges of the glass shall be finished in mirror polish. 'V) Transaction top shall be provided with 12 mm thick toughened glass (partly glazed partly frosted) fixed horizontally with concealed stainless steel D bracket. Both exposed edges (in side and outside) shall be moulded and finished in mirror polish. vt) Glaced partition having height 1.0° above the transaction top (in facial shall be provided with 12 mm thick glass (clear) with cut out of 8'x4' as per drawing with the concealed S.S. finished 'D' brackets as shown in glass [lear] above the last to be fixed to partition as per fixing details and to boxing with concealed S.S. finished 'D' brackets as shown in glass [lear] above the alic to be fixed to partition as per fixing details and to boxing with concealed S.S. finished 'D' brackets as shown in the drawing. The exposed edges of the partition as per fixing details and to boxing with concealed S.S. finished 'D' brackets as shown in the drawing. The exposed edges and hall be finished in mirror polish. vii) 7.7° high boxing (5'x5') made with 12 mm thick phywood finished with 1 mm thick laminate are to be provided. viii) 1.9° high boxing (5'x5') made with 12 mm thick phywood finishe		i) Working top made with 25 mm thick plywood finished with 1 mm thick laminate. Outside edge of the working top shall be provided with 1" x 1" teak wood moulding finished with melamine polish.				
finished with 1 mm thick laminate with 1 mm thick growe at the joint of laminates of the two different shades. iiii) Vertical of trop therizontal band J shall be provided on the facia be low the working top made with 18 mm thick plywood finished with 1 mm thick growe shall be provided at the joint of two different shades of laminates. iv) Glased partition of 1 '4' beight above working top provided with 12 mm uniphered fam forested glass besides non-tran spacers film from niselfs faved to partition as per fishing details and to boxing with concealed S.S. finished D brackets as shown in the drawing. The exposed edges of the glass shall be finished in mirror poish. vi) Transaction top shall be provided with 12 mm thick toughened glass (party glazed party frosted) fixed horizontally with concealed shall be mulded and finished in mirror poish. vt) Glaced partition having height 1 '0' above the transaction top (in facial shall be provided with 12 mm thick glass clear) with cut of S*X** as per drawing. The edges of cut out and the top edge of glass are to be mirror polished and to be fixed to partition as per fixing details and to boxing with concealed S.S. finished "D' brackets as shown in glass (lear) above the slit to be fixed to partition as per fixing details and to boxing with concealed S.S. finished "D' brackets as shown in glass (lear) above the slit to be fixed to partition as per fixing details and to boxing with concealed S.S. finished "D' brackets as shown in glass (lear) above the slit to be fixed to partition as per fixing details and to boxing with concealed S.S. finished "D' brackets as shown in the drawing. The exposed edges shall be finished with mirror polish. vii) 7-77 high boxing (D'X10") made with 18 mm thick phywood finished with mirror polish. viii) 7-19 high boxing (S'X5) made with 12 mm thick phywood finished with 1 mm thick laminate are to be provided. viii 1-19 high boxing (D'X10") for the provided shall be motivally prope collect. The drawer villed to provided with french polish. x		Inside edge will be provided with 0.5" x1" TW beading patti with melamine polish.				
lacia be low the working top made with 18 mm thick plywood finished with 1 mm thick groove shall be provided at the joint of two different shades of laminates. hy Glazed partition of 1.4° beight above working top provided with 12 mm toughened and fosted glass besides non-tran sparent film from inside fixed to partition as per fixing details and to boxing with concealed S.S. finished D'brackets as shown in the drawing. The exposed edges of the glass shall be finished in mirror polish. v) Transaction top shall be provided with 12 mm thick toughened glass (partly glazed partly frosted) fixed horizontally with concealed stainless steel D bracket. Both exposed edges (in side and outside) shall be moulded and finished in mirror polish. v) Glaced partition having heigh t.1°O° above the transaction top (in facia) shall be provided with 12 mm thick glass (stear) with cut out of S'×S° as per drawing. The edges of cut out and the top edge of glass are to be mirror polished and to be fixed to partition as per fixing details and to boxing with concealed S.S. finished D' brackets as shown in glass (lear) above the slit to be fixed to partition as per fixing details and to boxing with concealed S.S. finished D' brackets as shown in the drawing. The exposed edges shall be finished in mirror polish. vii) 7.7° high boxing (10°x10°) made with 18 mm thick plywood as per drawing with 1-6° horizontal extension at the top including providing and fixing 6 mm thick square frosted glass at a height of S' - 11° above finished with 18 mm thick plywood definished with 1 mm thick laminate are to be provided. viii) 1.9° high boxing (5×S) made with 12 mm thick plywood finished with 1 mm thick laminate are to be provided of drawer unit shall be provided with french polish. viii prover mire as per drawing shall be provided and each drawer should have vertical partitions for keeping the currency notes and multipurpose Godrej licke. Facia of drawer unit shall be finished with 1 mm thick laminate : The forested plane with 1-6° horizontal par		finished with 1 mm thick laminate with 1 mm thick groove at the joint				
with 12 mm toughened and froated glass besides non-tran sparents film from inside fixed to partition as per fixing details and to boxing with concealed S.S. finished 'D brackets as shown in the drawing. The exposed edges of the glass shall be finished in mirror polish. 1/1 Transaction top shall be provided with 12 mm thick toughened glass (partly glazed partly froated) fixed horizontally with concealed stainless steel D bracket. Both exposed edges (in side and outside) shall be moulded and finished in mirror polish. 1/2 Glaced partition having height 1'.0' above the transaction top (in facia) shall be provided with 12 mm thick glass (clear) with out out of S'x4' as per drawing. The edges of cut out and the top edge of glass are to be mirror polished and to be fixed to partition as per fixing details and to boxing with concealed S.S. finished 'D' brackets as shown in glass (clear) show the slit to be fixed to partition as per fixing details and to boxing with concealed S.S. finished 'D' brackets as shown in the drawing. The exposed edges shall be finished in mirror polish. 1/2 Transport of the provided with 18 mm thick plywood as per drawing with 1-6' horizontal extension at the top ineducing providing and fixing form thick square frosted glass at a height of 5' - 11' above finished with 12 mm thick plywood finished with 1 mm thick laminate are to be provided. 1/2 Telescopic CPU stand / ready made keyboard tray shall be provided of approved model and make. 2/3 Footrest made with TW member of size 4'x 1.5' finished with french polish. 2/3 Drawer units as per drawing shall be provided and each drawer should have vertical partitions for keeping the currency notes and multipurpose Coderej licke. Facia of drawer unit shall be finished with 1 mm thick laminate rovided below the table top for electrical conduiting and at the bottom for the LAN cabling/elephone wire conduiting. The item to include all necessary hardware and fittings in stainless steel finish, lipping to all edges and making provision only for el		l'acia be low the working top made with 18 mm thick plywood finished with 1 mm thick laminate with provision for concealed ligh t, 1 mm thick groove shall be provided at the joint of two different shades				
toughened glass (partly glazed partly frosted) fixed horizontally with concealed stainless steel D bracket. Both reposed edges (in side and outside) shall be moulded and finished in mirror polish. vt) Glaced partition having heigh t 1-0° above the transaction top (in facial shall be provided with 12 mm thick glass (clear) with cut out of 8 *vs4° as per drawing. The edges of cut out and the top edge of glass are to be mirror polished and to be fixed to partition as per fixing details and to boxing with concealed S.S. finished 'D' brackets as shown in the drawing. The exposed edges shall be finished in mirror polish. vii) 7-7° high boxing (10°x10°) made with 18 mm thick phywood as per frawing with 1-6° horizontal extension at the top including providing and fixing form thick square frosted glass at a height of S'-11° above finished floor level. viii) 1-9° high boxing (5°x5) made with 12 mm thick phywood finished with 1 mm thick laminate are to be provided. ix) Telescopic CPU stand / ready made keyboard tray shall be provided of approved model and make. x) Footrest made with TW member of size 4°x1.5° finished with french polish. xi) Drawer units as per drawing shall be provided and each drawer should have vertical partitions for keeping the currency notes and multipurpose Godrej licke. Facia of drawer unit shall be finished with 1 mm thick laminate 1 he drawer will be provided with handles (stainless steel finish) and channels as per approval of the project consultant/bank. xii) Boxing as per drawing made with 12 thick plywood finished with 1 mm thick laminate provided below the table top for electrical fitting behind the vertical drop and also in the 10°x10' boxing as shown in the drawing. Necessary beadings with matching melamine polish for fixing the glass are to be provided as per drawing / as directed. Front Officer Counter Providing and fixing in position front office counter 2-6' wide as per drawing no. (1.4 , 1-8 , 1-C , 1-D & 15 comprising of the		with 12 mm toughened and frosted glass besides non-tran sparent film from inside fixed to partition as per fixing details and to boxing with concealed S.S. finished 'D brackets as shown in the drawing. The exposed edges of the glass shall be finished in mirror				
top (in facia) shall be provided with 12 mm thick glass (clear) with cut out of 8'x4' as per drawing. The edges of cut out and the top edge of glass are to be mirror polished and to be fixed to partition as per fixing details and to boxing with concealed S.S. finished 'D' brackets as shown in glass (clear) above the sit to be fixed to partition as per fixing details and to boxing with concealed S.S. finished 'D' brackets as shown in the drawing. The exposed edges shall be finished in mirror polish. vii) 7'-7' high boxing (10'x10') made with 18 mm thick plywood as per drawing with 1-6' horizontal extension at the top including providing and fixing 6mm thick square frosted glass at a height of 5' - 11" above finished floor level. viii) 1'-9' high boxing (5'x5) made with 12 mm thick plywood finished with 1 mm thick laminate are to be provided. ix) Telescopic CPU stand / ready made keyboard tray shall be provided of approved model and make. x) Footrest made with TW member of size 4'x1.5" finished with french polish. xi) Drawer units as per drawing shall be provided and each drawer should have vertical partitions for keeping the currency notes and multipurpose Godrej licke. Facia of drawer unit shall be finished with 1 mm thick laminate. The drawer will be provided with handles (stainless steel finish) and channels as per approval of the project consultant/bank. xi) Boxing as per drawing made with 12 thick plywood finished with 1 mm thick laminate provided below the table top for electrical conduiting and at the bottom for the LAN cabling/telephone wire conduiting. The item to include all necessary hardware and fittings in stainless steel finish, lipping to all edges and making provision only for electrical fitting behind the vertical drop and also in the 10'x10' boxing as shown in the drawing. Necessary beadings with matching melamine polish for fixing the glass are to be provided as per drawing no (1-A, 1-B, 1-C, 1-D & 15 comprising of the		toughened glass (partly glazed partly frosted) fixed horizontally with concealed stainless steel D bracket. Both exposed edges (in side				
plywood as per drawing with 1-6' horizontal extension at the top ineluding providing and fixing 6mm thick square frosted glass at a height of 5' - 11* above finished floor level. viii) 1'-9' high boxing (5'x5') made with 12 mm thick plywood finished with 1 mm thick laminate are to be provided. ix) Telescopic CPU stand / ready made keyboard tray shall be provided of approved model and make. x) Footrest made with TW member of size 4*x 1.5 " finished with french polish. xi) Drawer units as per drawing shall be provided and each drawer should have vertical partitions for keeping the currency notes and multipurpose Godrej licke. Facia of drawer unit shall be finished with 1 mm thick laminate . The drawer will be provided with handles (stainless steel finish) and channels as per approval of the project consultant/bank. xii) Boxing as per drawing made with 12 thick plywood finished with 1mm thk laminate provided below the table top for electrical conduiting and at the bottom for the LAN cabling/telephone wire conduiting. The item to include all necessary hardware and fittings in stainless steel finish, lipping to all edges and making provision only for electrical fitting behind the vertical drop and also in the 10'x10' boxing as shown in the drawing. Necessary beadings with matching melamine polish for fixing the glass are to be provided as per drawing / as directed. 6 Front Officer Counter Providing and fixing in position front office counter 2'-6' wide as per drawing no. (1-A, 1-B, 1-C, 1-D & 15 comprising of the		top (in facia) shall be provided with 12 mm thick glass (clear) with cut out of 8"x4" as per drawing. The edges of cut out and the top edge of glass are to be mirror polished and to be fixed to partition as per fixing details and to boxing with concealed S.S. finished 'D' brackets as shown in glass (clear) above the slit to be fixed to partition as per fixing details and to boxing with concealed S.S. finished 'D brackets as shown in the drawing. The exposed edges			X	
finished with 1 mm thick laminate are to be provided. ix) Telescopic CPU stand / ready made keyboard tray shall be provided of approved model and make. x) Footrest made with TW member of size 4"x 1.5" finished with french polish. xi) Drawer units as per drawing shall be provided and each drawer should have vertical partitions for keeping the currency notes and multipurpose Godrej licke.
